

“POP DROP 2010”

Attention All Music Parents and Students

In an effort to minimize costs to the organization and to eliminate numerous trips to Sam’s Club for massive quantities of liquids, we are once again asking each family to provide either two cases (24 cans) of pop or two cases (24 bottles) of bottled water. As in the past, every family is to participate. This was very successful last year and was greatly appreciated by all students!

The band has been divided into 9 sections. Each section will participate only once throughout the season. These donations will be given to the students throughout the season at Band Camp, competitions, football games and other special events.
